City of Kennedy 2016 Fee Increases

At the January 2016 Kennedy City Council meeting, the council voted on and passed the fee schedule for the year 2016. As always, the council is committed to keeping all fees as low as possible while best positioning the city to meet its financial obligations.

Kennedy's water supplier, North Kittson Rural Water, put into effect a eight and one-third percent (8.3%) rate increase effective January 2016. The council voted to increase only this one fee for the year 2016. Gallons of water used after the first 1000 have been increase from \$9.45/1000 to \$10.45/1000. This rate increase does appear on this months bill.

Anderson Sanitation Increases Bag Rates

On January 21, 2016, Anderson Sanitation notified the city that their tipping fees were increased effective January 1, 2016. Anderson's made the decision to pass the increase, and only the increase without any increased profit, on to the customer through the increased price of the orange Anderson garbage bags. Therefore, the cost of a bundle of garbage bags has increased from \$10/bundle to \$11.20/bundle., effective immediately.
