"Little Free Library" News

Kennedy's Little Free Library has some new adult and children's books and is looking for more. One of the requests we have gotten a number of times is for "space books" in the children's section. If you have anything in that genre that you would like to donate, please feel free to drop them in the library at the Center.

Some titles of the new children's books we have recently added include:

Inside Dinosaurs and Other Prehistoric Creatures,
The Flying Dragon Room, The Glorious Flight,
Cloud Nine, The Perilous Pit, Sounder, and
Twenty Thousand Leagues Under the Sea,
plus many, many more.

If you haven't visited the Little Free Library, stop by and take a look. It is a great new asset in the City of Kennedy.

Thank you to the following people, companies and organizations for their continued support of the Kennedy youth summer jobs program — the Kennedy Green Team, and also the Kennedy Community Garden.
